

DRINKS

Nº180719

Kika's "cooking over the coals" mentality is all about the charcoal oven, and the rich and smoky flavors it gives the dishes. Our open-air atmosphere and casually elegant layout is perfect for an evening of fantastic food and a cheeky drink (or two). For us, it doesn't get much better than sharing a bottle of wine with friends, surrounded by the sound of laughter and the mouthwatering aroma of food drifting from the kitchen.
